### NEW ORCHESTRA ORGANIZED.

Paw Paw may well feel proud of its new musical organization, known as Snow & Duin's orchestra. The personnel of the organization is as follows: George Pickell, violin; John Duin, clarinet; Ford Wilber, cornet; Claude Snow, trombone; Miss Frieda Snow, piano. Every member of the orchestra is an accomplished musician and not for many years could Paw Paw boast of such a competent musical company.

A gift to be fully appreciated must "look" the part. Remember, and for your next gift select a pound of He Mi-La Cherry Flips. They come in a tasty box and inside the box are "tastier" things.

### Knew Value of Incense.

Doubtless a form of incense was burned in China and in what is now India many centuries before Christ, probably even before the time of Moses and Aaron. It may be that the wise men of those ancient days had learned through long years of experience that there was less illness when quantities of incense were burned than when none was used. Whether they believed this was because of some Divine token of approval, or really understood the disinfective qualities of the incense is not known.

It would require no great imagination to fancy He-Mi-La Cherry Flips a confection direct from the realms of fairland. They are almost too good to be real.

### Marking Arrival of Age.

When I get to be old I ain't goin' to find it out by countin' up to see, nor by my whiskers, nor by my gums, nor none of them signs. They'll all fool you. No, sir! But one of these times I'll get throwed down, and I won't bounce back. Then I'll know it's all over. When a man gets that way, he's old. Old, see? It don't make any difference how much longer he lives after that, he don't ever get any older.—"Billy Fortune."

### Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### Cattle Ate Up the Washing.

John Carr at Newton Butler sued Frank Beggan for ten dollars damages for the alleged destruction of some clothing. The defendant's cattle had a tremendous appetite, said M. E. Knight, the plaintiff's attorney. One day the plaintiff had a washing out and these cattle made a meal of it. In his evidence the plaintiff said the washing had been left bleaching on the hedge. When he saw the cows dining off some sheets he pulled the remains out of their mouths. They had completely eaten a pair of trousers, a blouse and some other pieces.—London Globe

We always do exactly as we say we'll do—No testimonials from remote cities—No false promises—No cases taken that are incurable. Kalamazoo has been the home of this Institute so long that its reputation and the reputation of its physicians can't afford to suffer from misleading advertisements or inattention to suffering humanity. ### I Cure Women's Diseases by Medical Treatment Without an Operation

Surgical operations are, in all cases, dangerous, fail to correct the diseased conditions in many cases, and often lead to other serious, incurable ailments. The danger, suffering and life-long misery attendant upon such diseases and conditions, Cancer, Ulcers, Tumors, Hysteria, Melancholia, Nervous Collapse, Sterility, etc., may be avoided if you do not delay too long.

I cure all diseases of women without operation, by my thorough scientific method of individual prescribing and treatments. When I prescribe for a patient I know that only beneficial results can ensue, and that a lasting cure will in all probability be effected in a short time.

I devote my personal attention to each patient. I examine and carefully weigh each individual symptom and form a positive and correct diagnosis. Then I advise and prescribe certain specific medicines and treatments calculated to effect a permanent cure in the most stubborn or long-standing cases.

My medicines are selected for each separate individual case, due care being taken that they are not too strong. Strong medicines often do more harm than good by upsetting and otherwise injuriously affecting a delicate stomach and general system.

Every disease of women that is curable can be cured by my method. Inflammation of the Womb, Ovaries and Fallopian Tubes, Falling of the Womb, Chlorosis, Nervous Disorders and the many other ailments peculiar to women, are all being permanently cured by my scientific, careful and direct mode of prescribing and treatments.

I can and will help you retain your health. I offer consultation, examination and trustworthy advice absolutely free of cost for a limited time. Call and be convinced that I can cure, without operation. Let me demonstrate to your satisfaction that my method of curing female diseases is logical and positively cures in every case where a cure is possible.

### A Word to Sufferers

#### Some Wholesome Advice. Read It.

Now don't let someone cry "crank" or "humbug" to you; you are the sufferer and the one most interested in getting well. You know that the general practitioner can not cure you; you have tried him and failed—do not despair. Every disease is curable where the tissues are not destroyed. Our aim is to do honest and thorough work, give good and wholesome advice and to make our charges reasonable. We are aware that many hesitate to avail themselves of our superior treatment because they think they cannot do so on account of the expense. To such let us say, do not let the cost delay you a day longer. Come and see us. We will make our terms so reasonable as to be within reach of all.

Doctor Fowler respectfully offers his services to the public not as a family physician, but as a Specialist, with the advantages of special training, years of experience, and having at his command the most scientific appliances for modern, up-to-date specialty work. Are you discouraged and skeptical, morose and melancholic, nervous and petulant and a lack of ambition and energy and wonder why you do not get well? Perhaps your physician does not understand your case or probably you may be experimenting with some patent medicine or "cure-all." If you will call on me and permit me to examine you, I will frankly and truthfully tell you what your trouble is and whether or not it can be cured. I have come to Kalamazoo to stay and believe in telling my patients the plain, simple truth.

#### Why I Am Successful

BECAUSE you are assured of my personal care and attention.  
BECAUSE you are assured of perfectly honorable treatment, and you will not be asked to pay for what you do not get.  
BECAUSE I have not been a specialist for fifty years, and with methods equally as antiquated, but have at my command newer and more modern methods of treatment.  
BECAUSE I have cured hundreds of cases that were given up as incurable.  
BECAUSE I give my whole attention to the treatment of Chronic and Long Standing Diseases which require skillful and scientific management.  
BECAUSE my improved methods are the embodiment of the practical application of well established principles of Medical Science.
